25X1A

- *a. Basic PO calls for the construction of office areas (for Program Management Group) in the total facility cost of \$8,650, the aforementioned amount being divided \$3,400 as a Contractor overhead charge and \$5,250 as a direct cost to the above contract. (This as discussed with [] [] on 9 November 1965. [] of the opinion that since the additional area is partially the result of the Contractor's staffing for SRA requirements the direct charge might be against contract AF33(657)-15024 (FY-66 Services and Supplies Contract).)

7. Under AF33(657)-12846 (Follow-on EMR Procurement) re. PO #207479 with [] New York

25X1

- *a. Basic PO calls for the construction of a security type enclosure on the shop floor, said enclosure to be utilized for the assembly and test of EMR systems-total facility cost \$2,575.

*DENOTES SUPPLEMENT (OR BASIC PO) REQUIRING APPROVAL AT THIS TIME.

Please be advised an appropriate set of information is being retained in this Contractor's files for possible future reference.
